

# LOUGHTON HEALTH CENTRE

(A Teaching Practice)

The Drive, Loughton, Essex IG10 1HW

Website: <http://loughtonhealthcentre.co.uk>

**PATIENT ACCESS WITH  
EMIS WEB**

## What is Patient Access?

With Patient Access, you can now access your local GP services at home, work or on the move — wherever you can connect to the internet. What's more, because Patient Access is a 24 hour online service you can do this in your own time, day or night.

- **Book an appointment.**
- **Order repeat prescriptions.**

## Read How to Register for Patient Access with Emis Web

To use Emis Access, you will need to come into the practice so that you can be given a user name and password.

You cannot register for this service online or by phone because your identity needs to be verified.

When you come into the practice, you should bring something that proves your identity, such as a bank card, utility bill, passport or driver's licence.

Once a member of staff has given you a registration letter which contains your user name and password you will be able to login to the website.

**Remember you cannot register on-line without your registration letter.**

**Please note:**

You can only register for yourself and children under 16 but not for any other members of the family. Each person over the age of 16 will have to come to the practice with the required proof of identity.

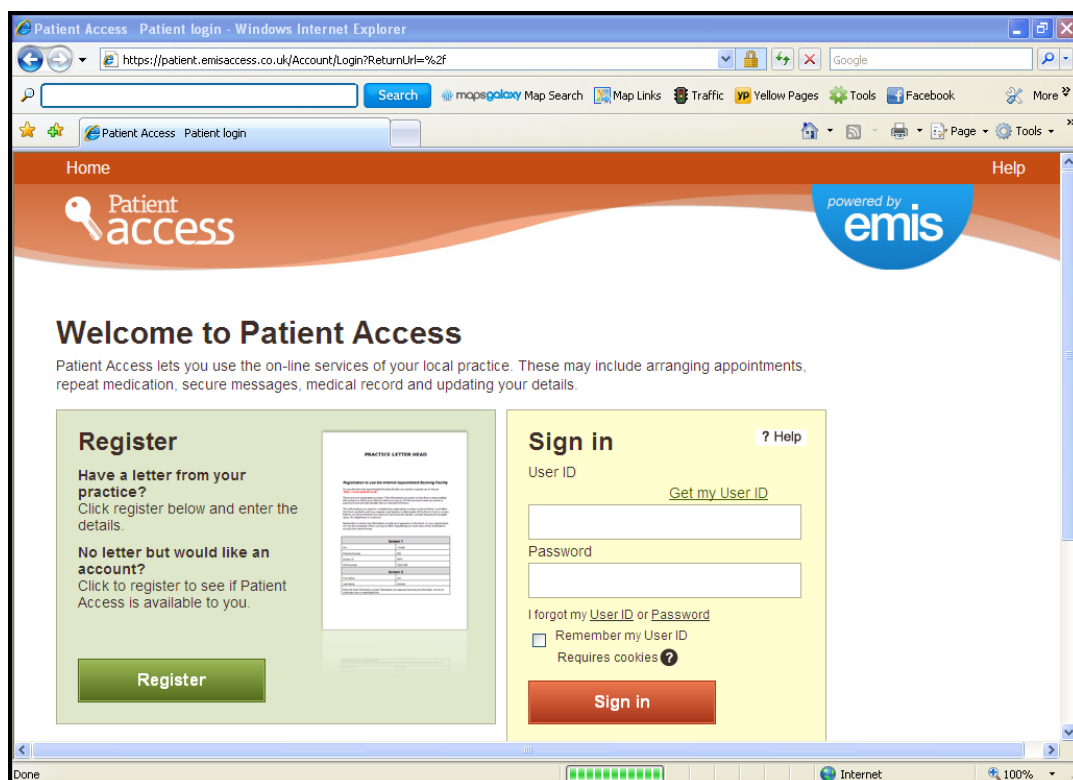

Allow two working days before collecting the prescription.

If you need any new items or if any changes are necessary to your repeat prescription you will need to see the doctor.

Once registered with the Practice you will be able to go to

<https://patient.emisaccess.co.uk>

and login with the registration details provided by the practice (see below)

At present you will only be able to book an appointment or order repeat prescriptions.

Please ask at Reception for any further details
